

# Expedition Reptile Newsletter

## HAPPY SPRING!

The sun is here, the brumation crew is waking up, and the bookings just keep rolling in! We are maintaining 20 bookings on the board at any given time! From birthdays and school visits to libraries, summer camps, and even scouts!

Our scaly squad is keeping the calendar slithering with excitement.

**We're gearing up for one of our busiest seasons yet!**

## Cuddles the Boa Visits BNI

Cuddles the Boa slithered into the spotlight this month when she made her debut at my BNI group! Our fellow networkers got an up-close look at this beautiful snake, and

several brave members even got to hold her. Cuddles handled the crowd like a pro with zero hissing and maximum charm, and she left everyone smiling and a little more reptile-curious.

## Say Hello to Treecko!

We're excited to welcome a brand-new addition to the Expedition Reptile family **Treecko**, our gorgeous New Caledonia

Giant Gecko. She is the largest species of gecko in the world. Keep an eye out for Treecko at upcoming shows — she's sure to be a crowd favorite!
