

Expedition Reptile Newsletter

Summer Sizzle is Here!

June marks the official start of our busiest season. With school wrapping up and summer camps kicking off, we're hitting the road with even more reptile shows across New England.

The warmer weather means more opportunities for hands-on learning and unforgettable encounters with our scaly ambassadors.

Reptile Bulletin & Looking Ahead

Cocoa the Boa is proving to be a fantastic addition, providing excellent support alongside Cuddles.

Harley the Tegu and our crew of bearded dragons,

geckos, and corn snakes are ready for more action. Sweetpea the Iguana (age 22) continues to thrive in retirement, soaking up the sun and living his best life after a long career educating audiences.

Upcoming Events

Mark your calendars! We will be at Community Day in Thompson on Saturday, October 3, 2026 at Riverside Park in North Grosvenordale, CT.

Come say hello and meet the reptiles in person.

We're also continuing to offer safe, educational, and entertaining shows for birthdays, libraries, camps, fairs, and more.
