

Expedition Reptile Newsletter

What a Busy Summer!

What a hot and busy summer it's been! From double-header days to road trips across Maine, New Hampshire, and even into Boston, our scaly crew has been on the move nonstop!

Summer camps have been a huge hit, birthday parties are still pouring in, and the reptiles have been stealing the show wherever we go.

Reptile Bulletin

Meet Angel! We're excited to introduce the newest member of our scaly lineup - **Angel the California King Snake!**

He's a bit spicey, so we are taking it slow, getting him used to the crowd, so this beauty is hands off... for now.

INTRODUCING

☆☆☆ **AGE 5** ☆☆☆

ANGEL

California King Snake
From: Western US & Northern Mexico
Diet: Rats, Snakes, Eggs, Frogs
